Notes

1, Projected pension pot values are shown in today's terms, and do not need to be reduced further for the effect of inflation.

2, The starting pot size is assumed to be £1,000.

3, Inflation is assumed to be 2.5% each year.

4, It is assumed that no further contributions are payable.

5, Values shown are estimates and are not guaranteed.

6, The projected growth rate for each fund, or arrangement, are as follows:
 Canlife Managed Pension Fund: 1.95% above inflation

As of the 1st November 2019 Canada Life will no longer administer this plan as it will be transferred as part of a deal with Scottish Friendly.

With this in mind and the fact that there are no contributions being made to the current members plans. It has been decided to wind the scheme up at the earliest opportunity.

All current members will be informed by Scottish Friendly who will let them know the options available for their individual accounts.

Signed
